Instructor Usermanual- Poll

Step 1: From menu click on Poll button to launch the Poll.

Step 2: Before conducting the Poll in the class, check whether course is active or not.

You can activate the course by clicking the  button which will then change to  state.

Step 3: On Poll page type the poll-question in given textbox .

Enter your question here...

Click the  button.

Step 4: Timer countdown will start.

Timer will run by default for 60 seconds.

Step 5: After timer gets over, it will automatically display the response chart for poll result. In that Green colour indicates the count and percentage of students who gave “YES” as a response. Red colour part indicates the count and percentage of students who gave “NO” as a response and Grey colour indicates the count and percentage of students who fetched the poll but didn't responded.

RaiseHand Module

Raisehand is the feature by which student can ask doubts/questions to the instructor via the tablet. This feature allows the student to ask doubts without disturbing the session.

Steps to use raisehand module are as follows:

1. Raisehand has been categorized into Active Raisehand and Pending Raisehand.
2. **Active raise hands** are received in ongoing class or session, so when new raisehand during active class is received it can be seen as count blink  indication on raisehand menu
3. When instructor clicks on the raisehand menu, raisehand page will open, Here you can see list of **active raisehands** - received in same session. It also displays **pending raisehands** – which are not addressed from last sessions.

4. We can view doubt of student by selecting it from list

5. Once we select raisehand a new panel will open up with doubt of student(s) who raised doubt.

Student ID :- 10 TimeStamp :- 2014-11-26 12:21:55.0

can we access private member variable outside class ?

☐ Already Discussed in class

☐ Reply to sender

☐ Delete this doubt

6. As seen in adjacent **image**, here instructor can choose any of three options to address the doubt.
7. Option 1 :- **Already discussed in class** - This is selected in case the doubt asked is already been discussed in class and then click on “Submit” button. Hence the doubt will be removed from list.
8. Option 2 :- **Reply to sender** - If instructor will select option and click on “Submit” button and a new window will open in which faculty can write/ reply the doubt and send it to student.
9. Option 3 :- **Delete this doubt** – If instructor selects this option and click on “Submit” button, it will ask for confirmation “Are you sure you want to delete ?” and if instructor selects OK then this doubt will be deleted and will be removed from list.

WRITE REPLY FOR DOUBT

Reply Doubt

Write below your explanation :

no you cant access

10. In raisehand page we have “**View saved Doubt**” button, If instructors click on it a new page will open with all earlier saved doubt or addressed doubts.
11. Doubts will be shown in tabular form with a search feature and delete option.

Search Doubt

what

what are pointers?	RollNo. 3
	Student Name student3
	Semester Spring
	TimeStamp 2014-10-28 15:44:35.0

☒ Mark for Delete

12. If instructor enters a keyword in search field only doubt having similar keyword will be shown, then instructor can delete those doubts by checking “**Mark for Delete**” checkbox and then click on “**Delete Selected Doubts**”. Multiple selection for deleting doubt is allowed.
