

Clicker V4 Student Manual

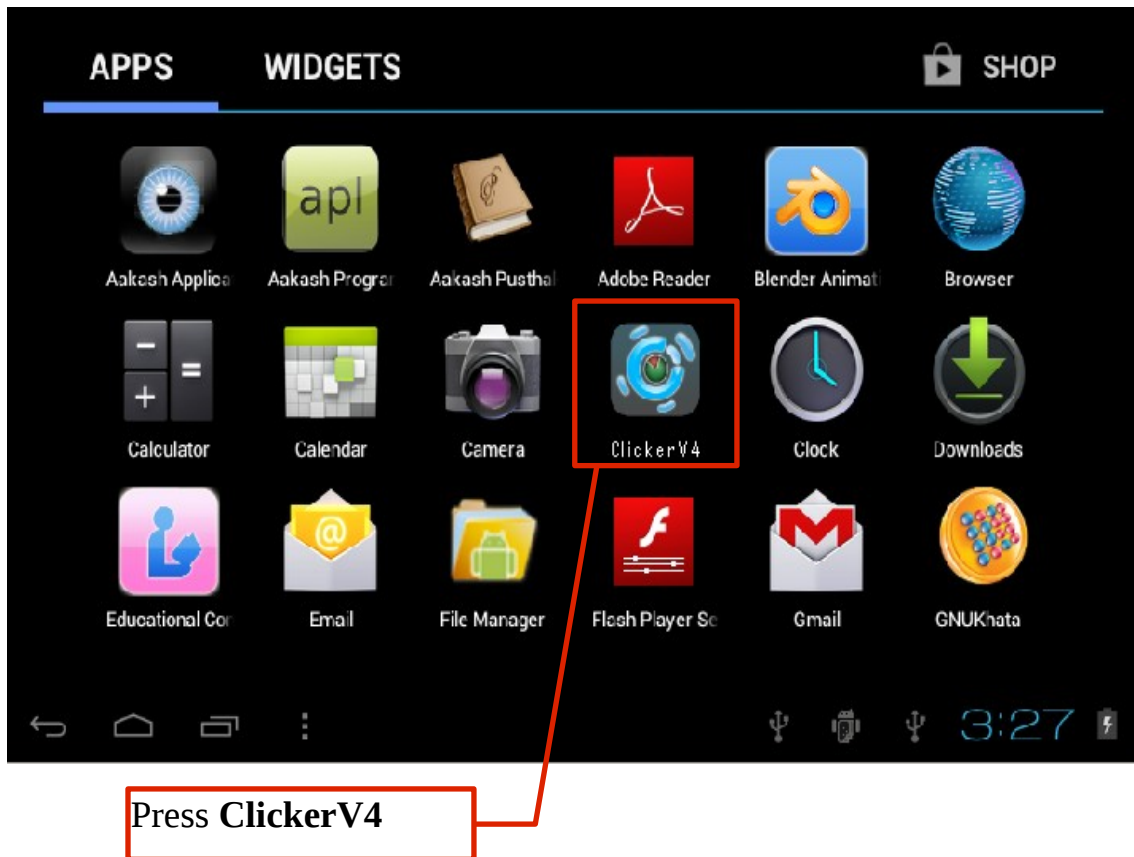

Swipe the screen to Unlock it.

Tap on the Home Menu

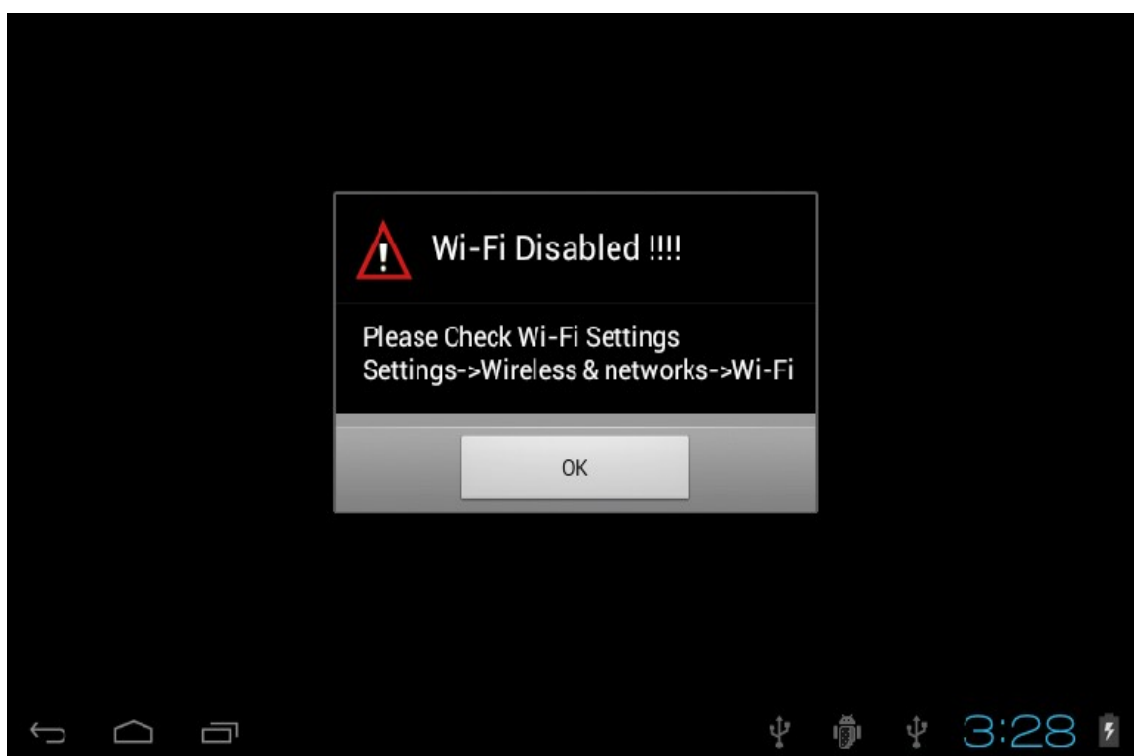

Step 1:

Switch on the Tablet and press the right-top menu button, it will show the list of installed application, from that tap on “**ClickerV4**” app.

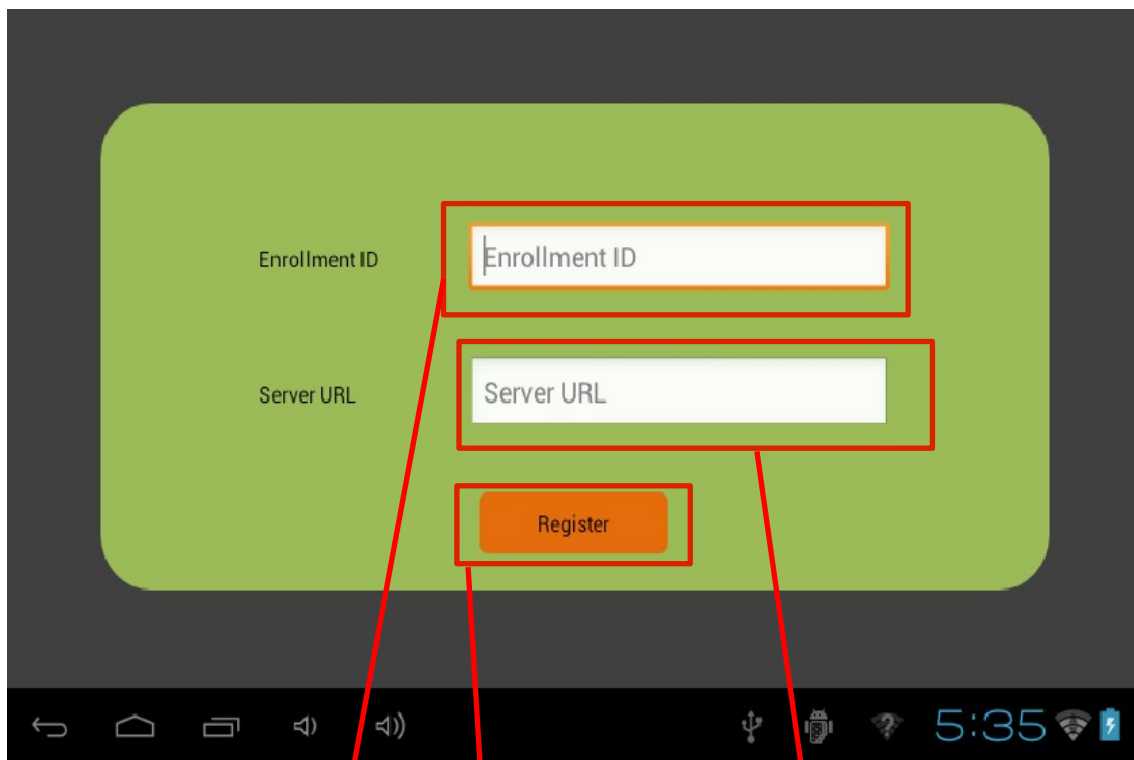

Step 2:

After tapping Clicker Icon if you get following screen then please check your **Wi-Fi**, whether it is switch on or off, if Off then switch it On and connect to proper Wi-Fi network.

Step 3:

After tapping ClickerV4 Icon, It will shows the Registration screen.

The image shows a registration screen with a green background. It contains two text input fields: "Enrollment ID" and "Server URL". Below these fields is an orange button labeled "Register". Red boxes highlight each of these three elements. Red lines connect these boxes to callout boxes below the screen. The Android status bar at the bottom shows the time as 5:35.

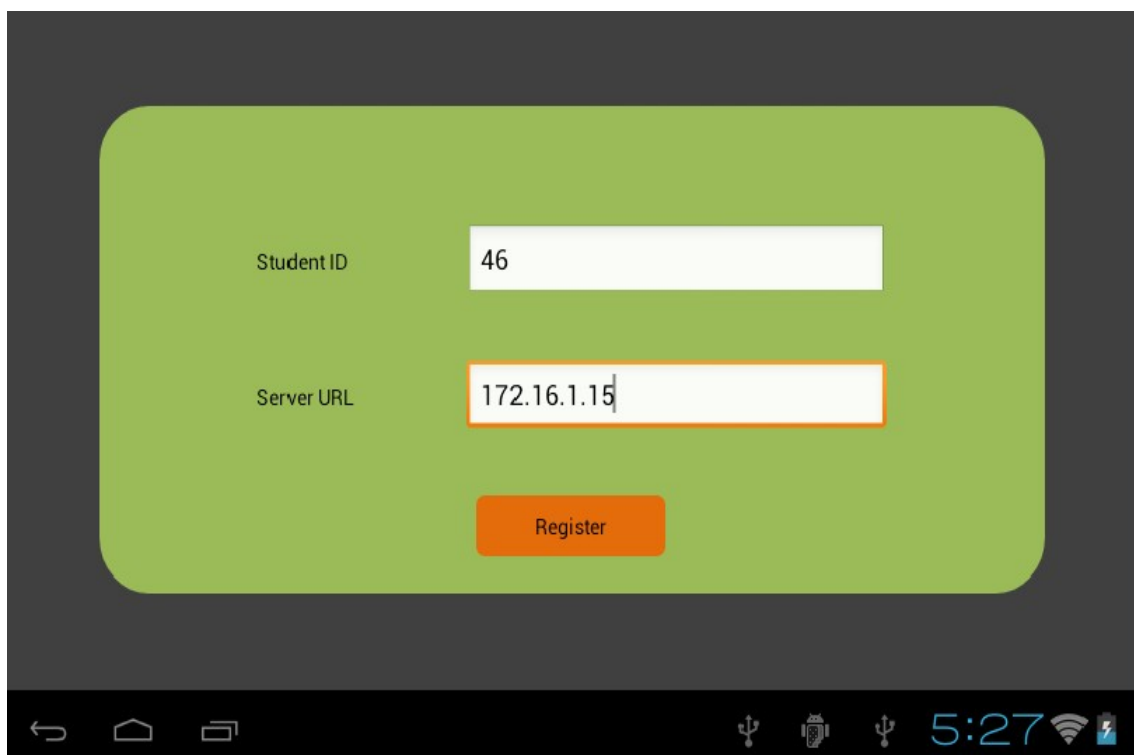

Type Proper Student ID / Participant ID .

tap on Register

Type Proper Server URL/IP

Filled details look like as follows **For eg.** Student ID/Roll No/Participant ID : 46 and Server URL/IP : 172.16.1.15

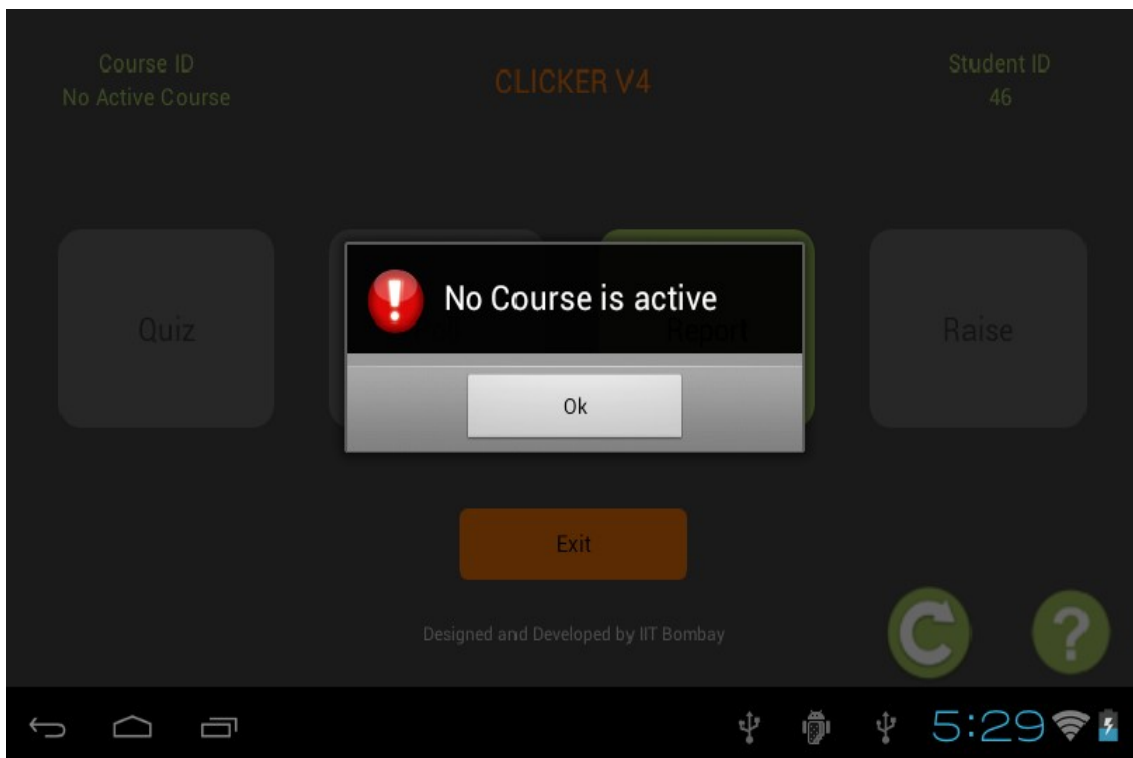

OR Student ID/Roll No/Participant ID : A0046 and Server URL/IP : <http://<your domain name>> or <localhost>

The image shows the same registration screen, but now the fields are filled. The "Student ID" field contains the number "46". The "Server URL" field contains the IP address "172.16.1.15". The orange "Register" button remains below the fields. The Android status bar at the bottom shows the time as 5:27.

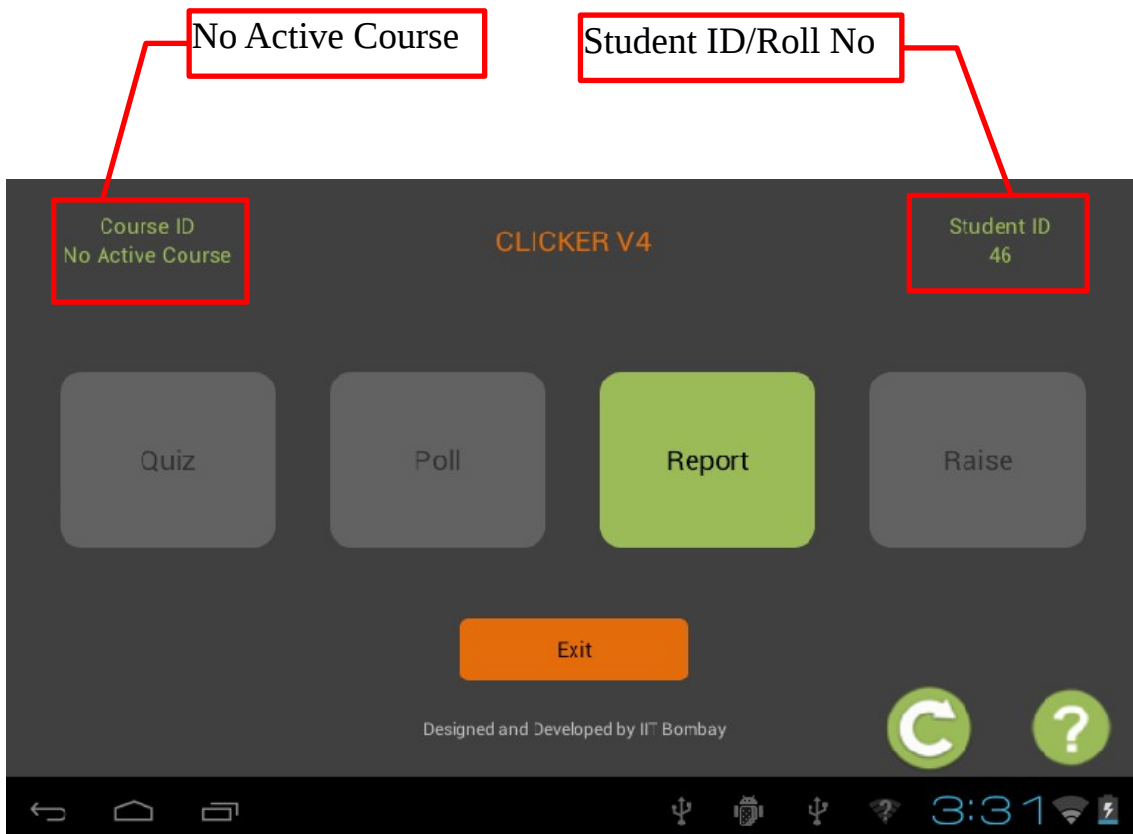

Step 4:

After Student register's for the course and if the course is not activated by the instructor then this screen will appear.

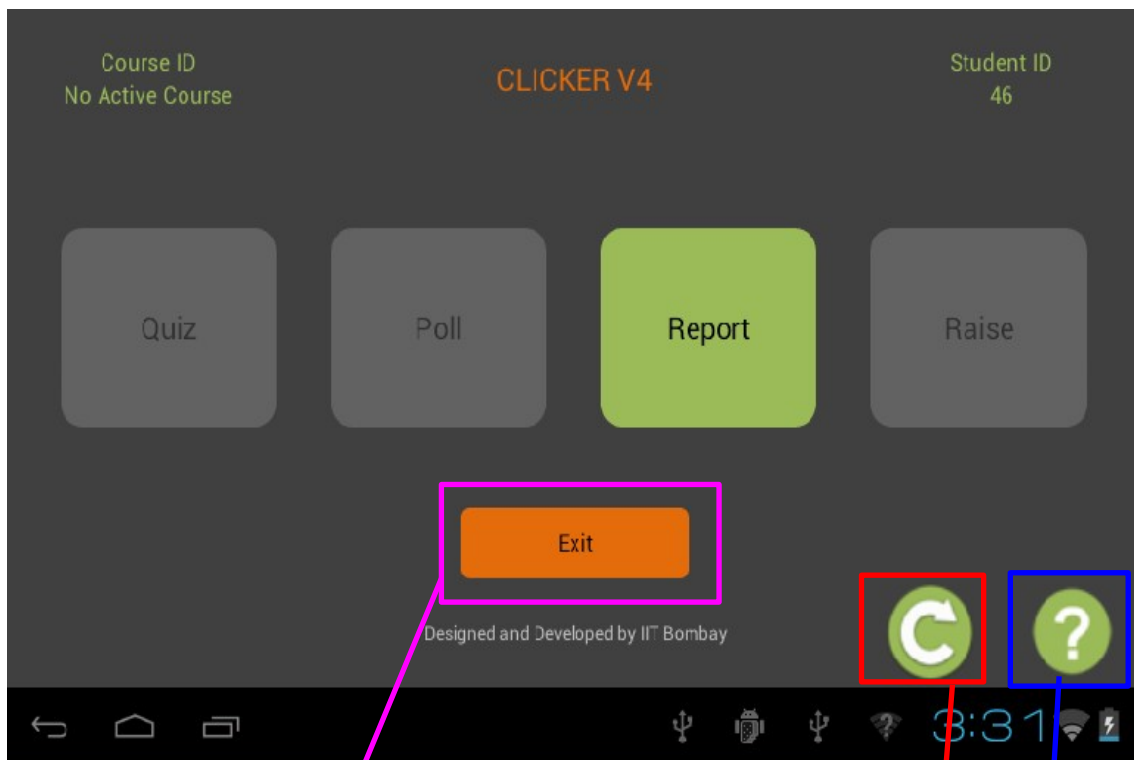

After pressing “OK” a Home screen with no active course appears.

Note : Here you get only Report button enable to see the report in off-line mode.

Step 5:

To check whether Course is Active or not press “**Refresh**” button on bottom-right side. “**Help**” button is to see the help menu.

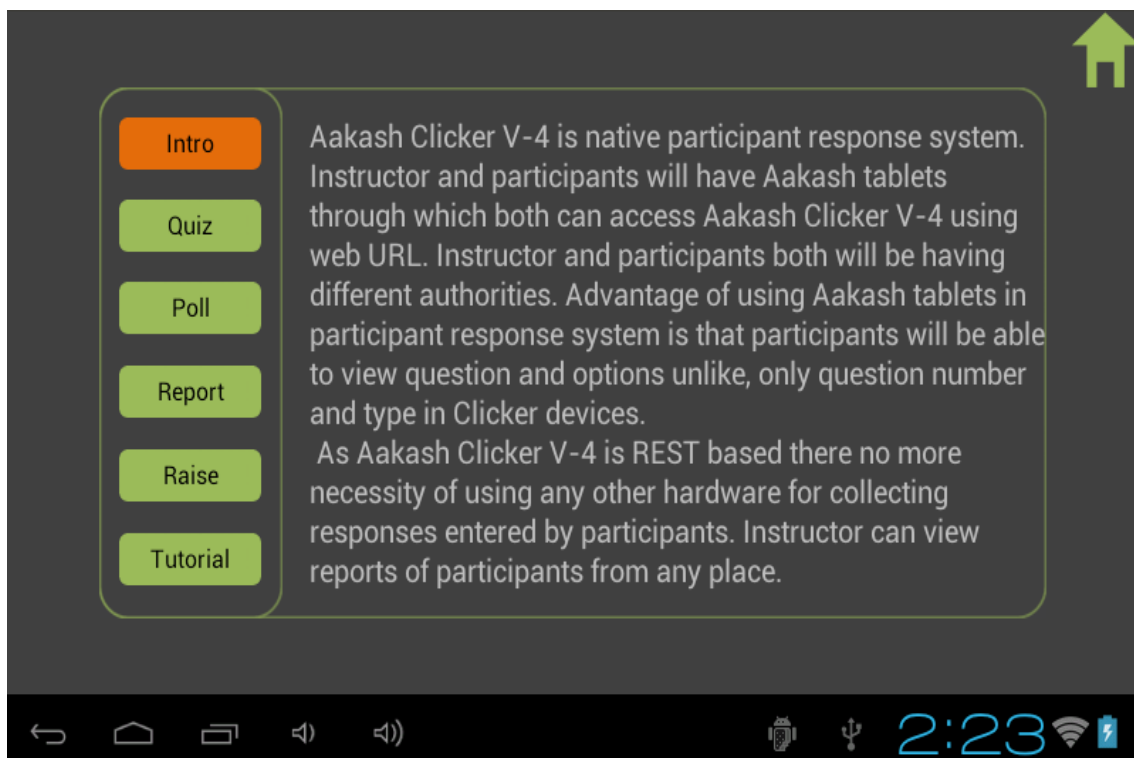

Exit from Application.

Refresh button to check the Active Course.

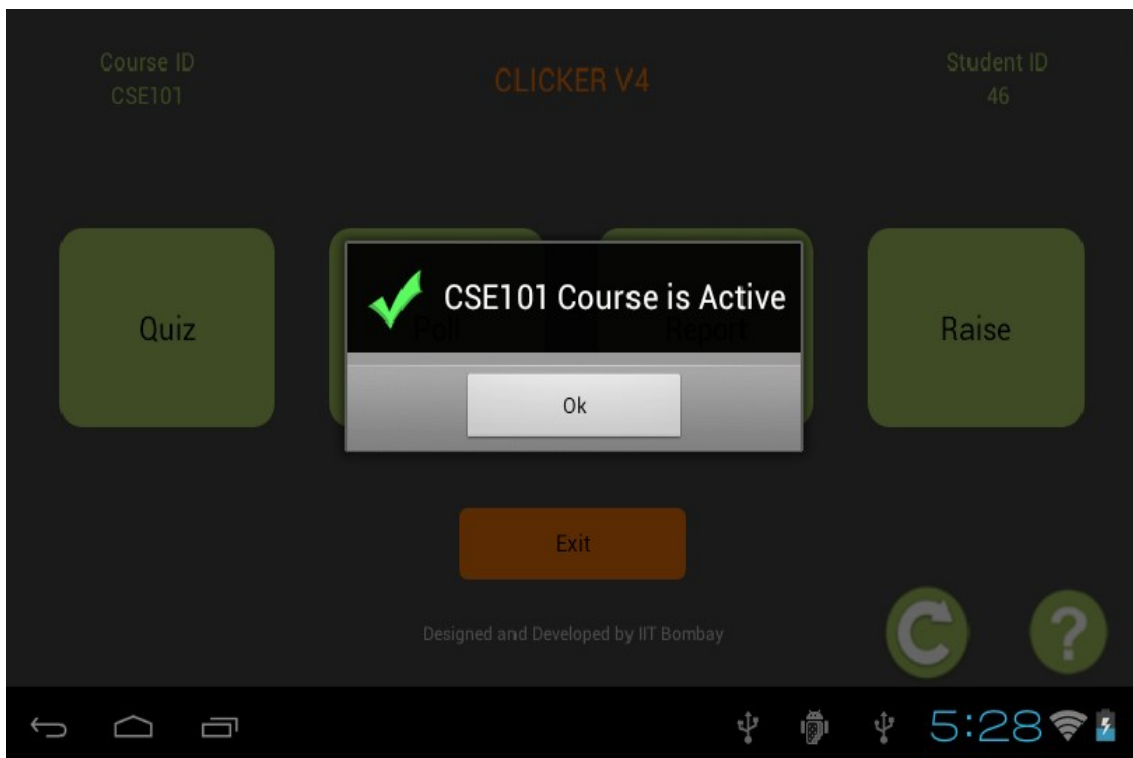

Help button to see the help menu.

Help Menu Screen looks as follows:

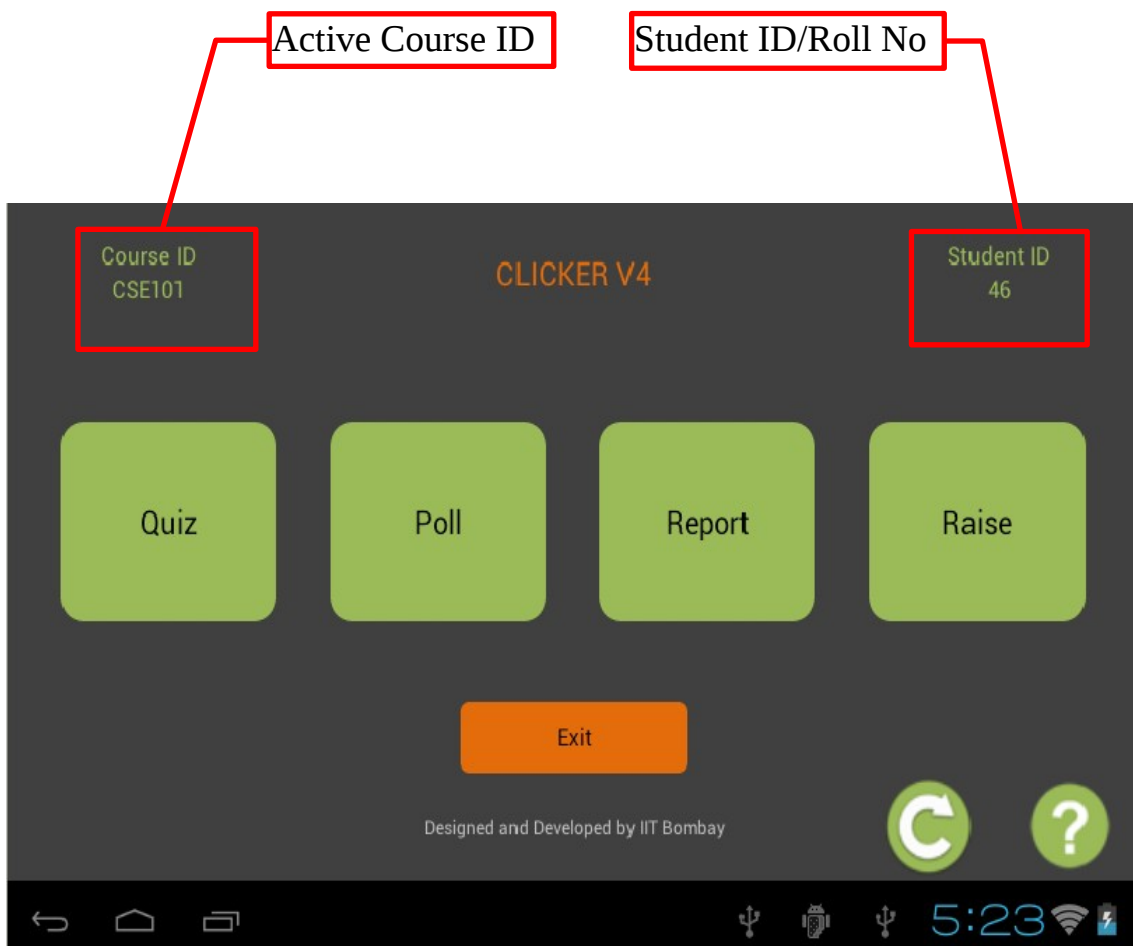

Step 6:

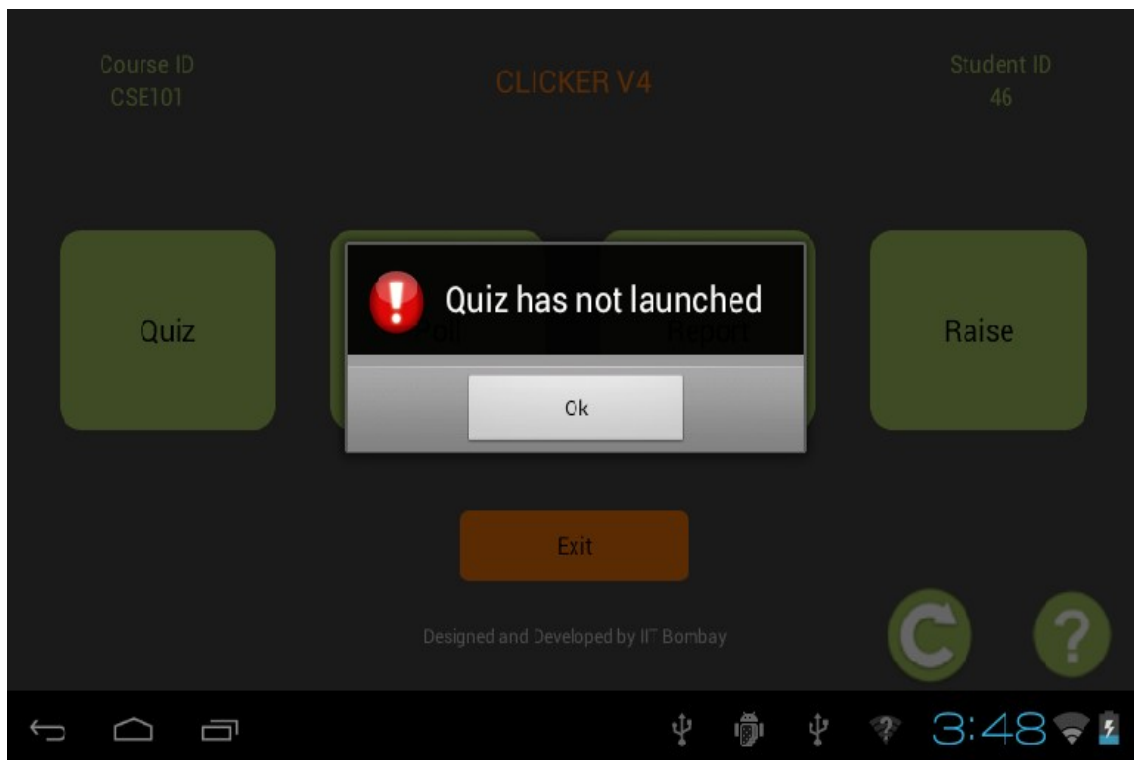

Once the course is activated by the instructor, then student has to press refresh button to check the active course, it will prompt the current active course.

After pressing OK you will get following screen with all four buttons in **enable mode**. For Eg. Here Course ID : CSE101 and Student ID : 46

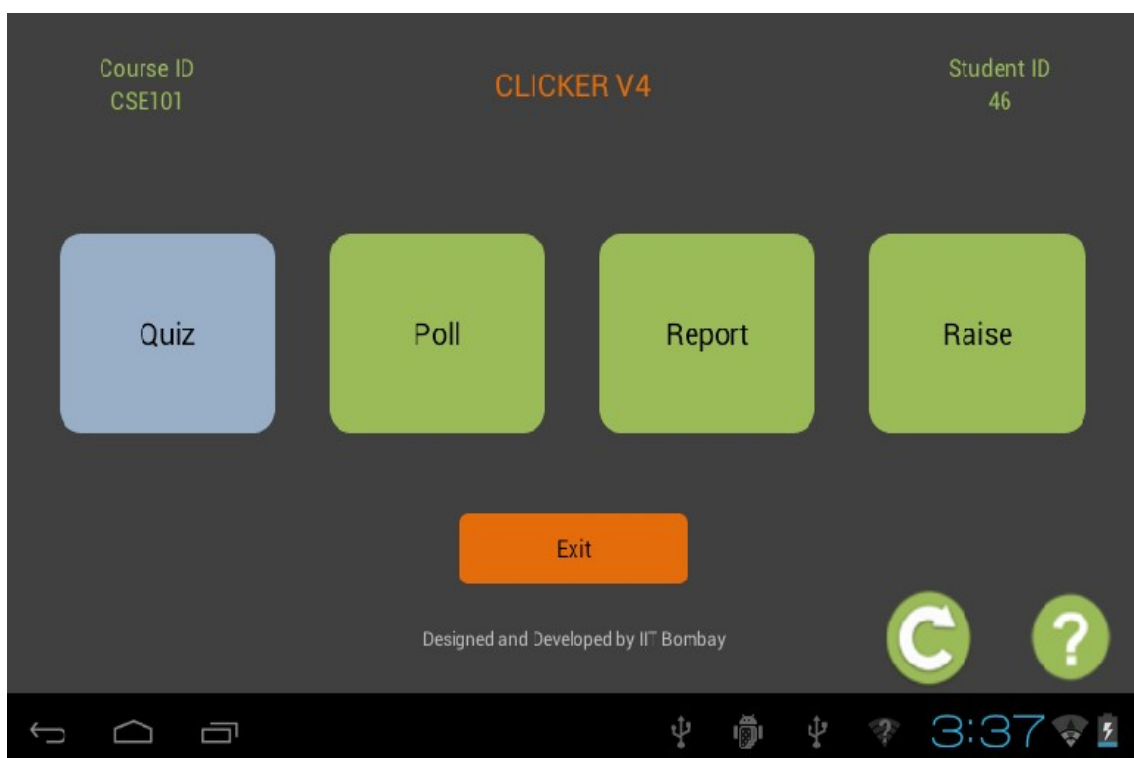

Now if Instructor has not launched the quiz but if student press the Quiz button then it shows the alert dialog box that “Quiz has not launched”.

After pressing OK you will come again to Home Screen.

Step 7: Quiz

Once the Quiz is launch by the Instructor then student have to press Quiz button.

After pressing “**Quiz**” button, quiz will start on the tablet.

You can press the numbers to visit the particular question.

This is the countdown timer, when the timer shows **Time Over** you will be redirected to **result page** automatically.

Total number of Attempted Questions.

This is the question Text

Q1 Q2 Q3 Q4 Q5 Q6 Q7 Q8

03:11
Attempted : 2/21

Q3 Durand Cup is associated with the game of

☐ A. Volleyball

☐ B. Hockey

----	----	----	----	----	----	----	----	---------------------------

to understand a part of one another's historical experience and recurring mentality. It is the task of the English to expect the people of other countries to react as they do, to political and international situations. Our genuine goodwill and good intentions are often brought to nothing, because we expect other people to be like us. This would be corrected if we knew the history, not necessarily in detail but in broad outlines, of the social and political conditions which have given to each nation its present character.

According to the author of 'Mentality' of a nation is mainly product of its ...

☐ A. mentality

☐ B. politics

☐ C. present character

☐ D. history

 Deselect ☐ Review Later Quiz Palatte Submit 

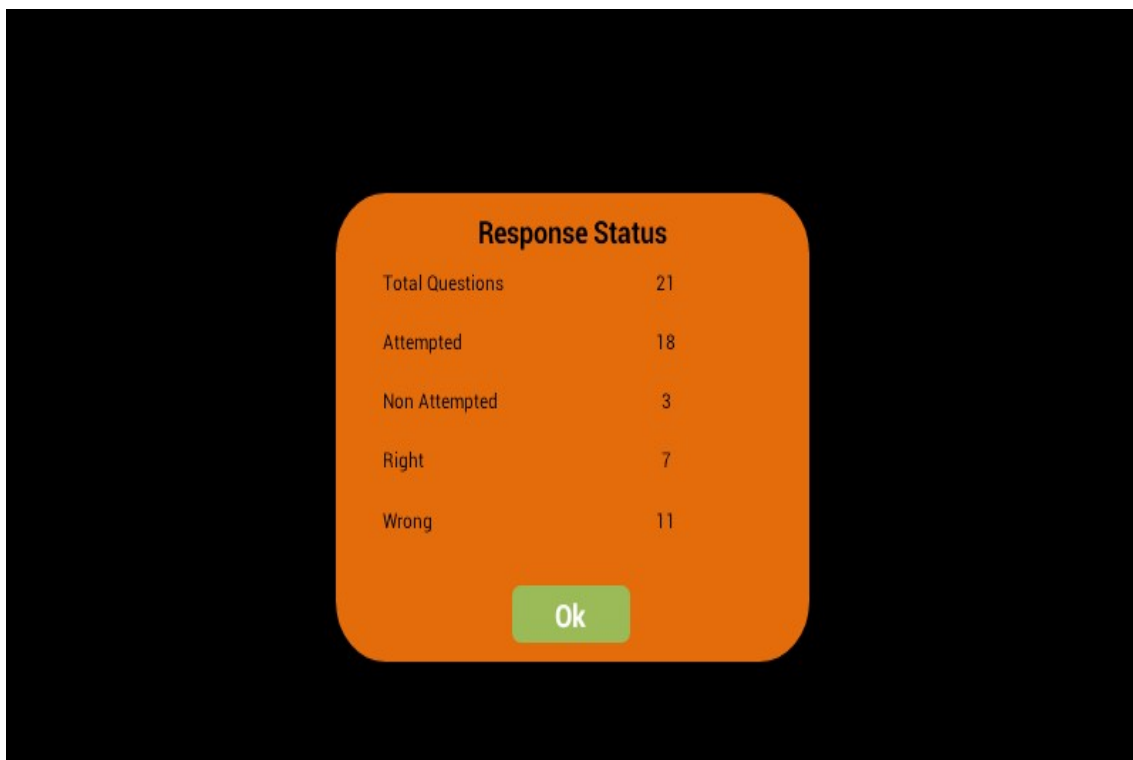

After the quiz time is over student get's an acknowledgment from the server as shown below.

Do you want to download quiz report?

Ok Cancel

5:53

[illegible]

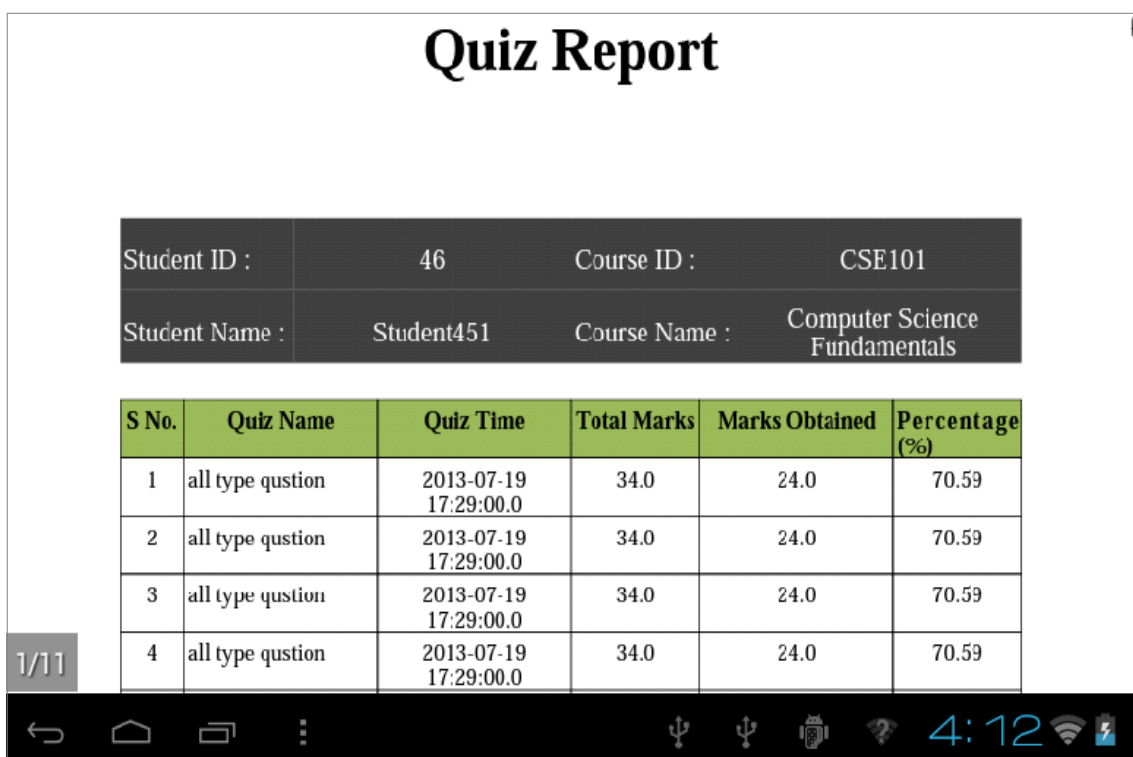

After pressing **OK**, it starts the download and when download is completed it shows the pop-up with the downloaded file path as follows.

Note : Here to see the report in pdf format in tablet, install Pdf-Reader.

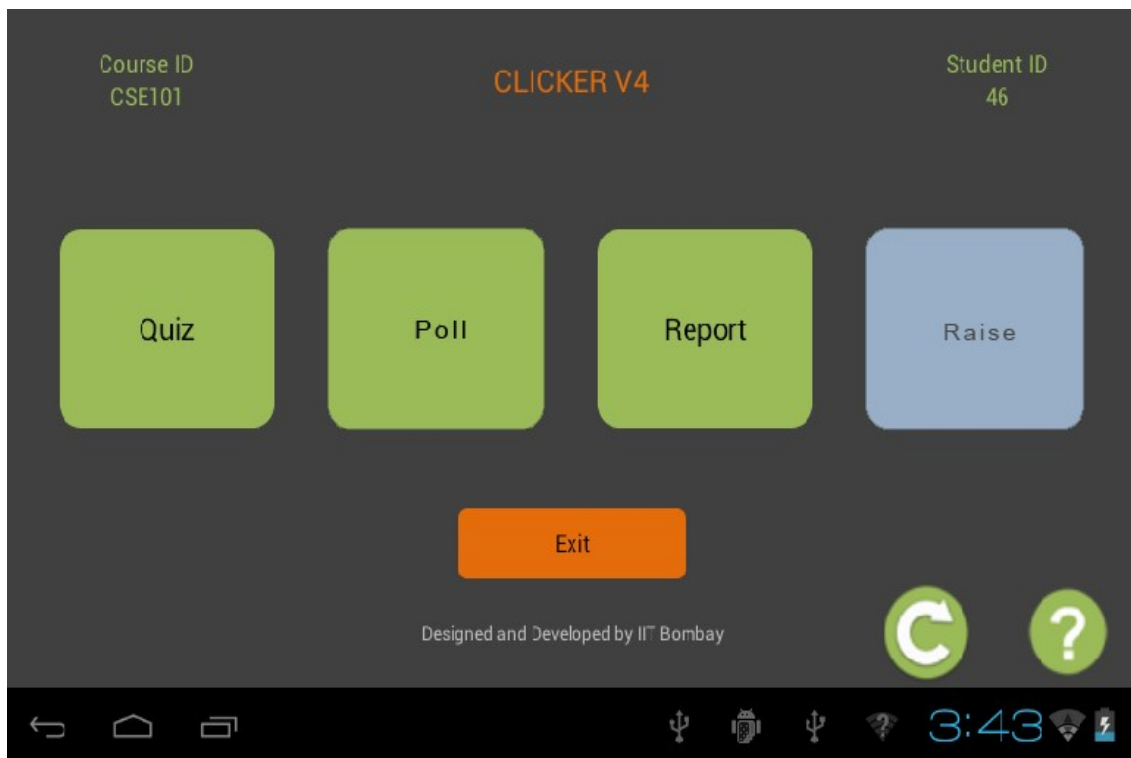

The downloaded pdf file will be named as “**student Id_course Id_QuizReport.pdf**” and will be stored in /mnt/sdcard/ which is the internal memory of the tablet.

For example: 46_CSE101_QuizReport.pdf is look like follows

Step 8: Raise Hand

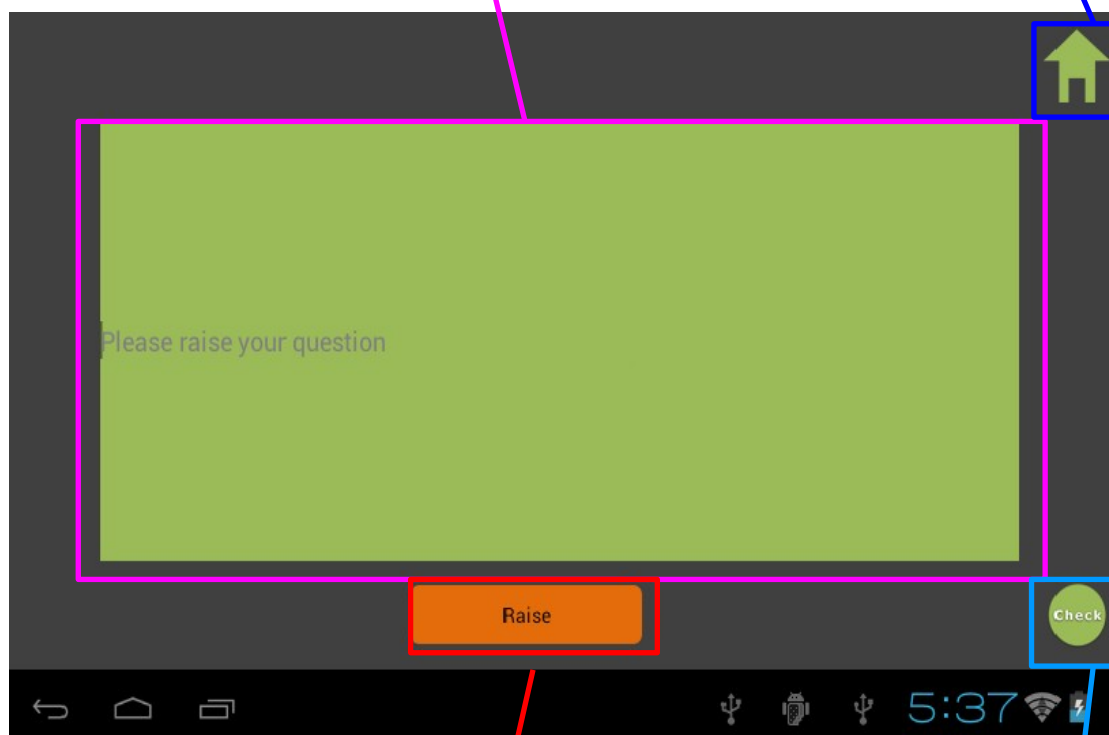

If Instructor taught some topics in class and if student didn't understand that topic then, he can tap the **“Raise”** button to raise his doubt.

By tapping Raise Hand on the home screen it opens the raise hand page.

type your doubt here.

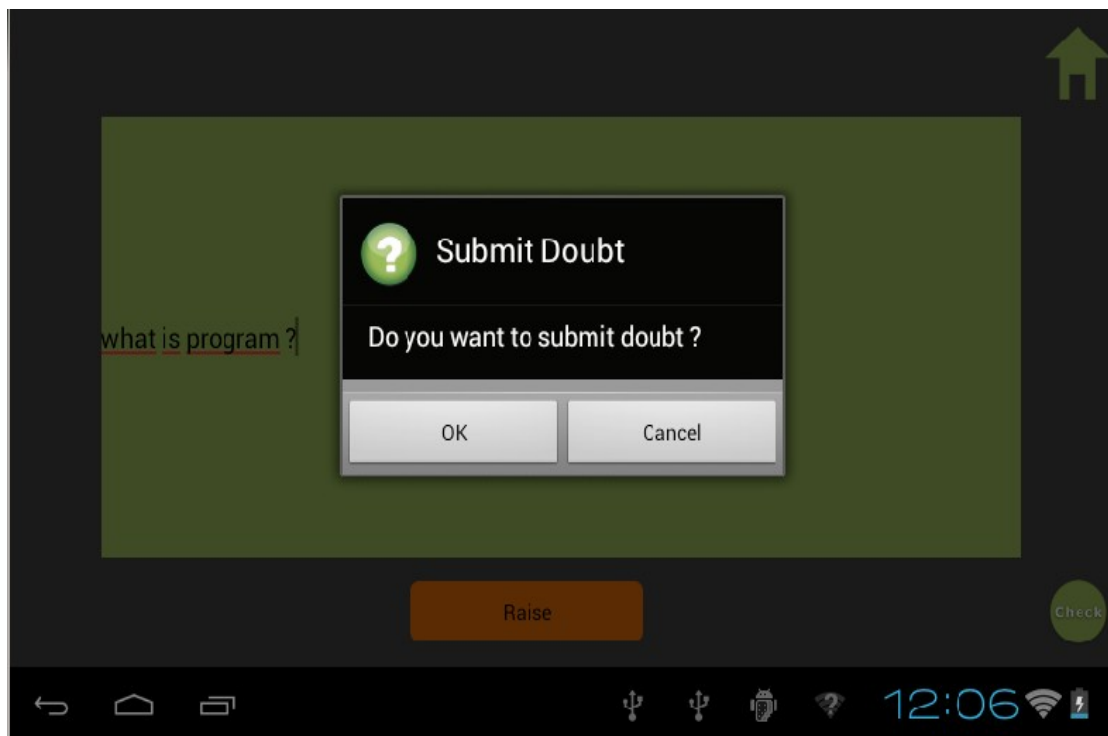

Tap on **Home** Icon to go back to home screen.

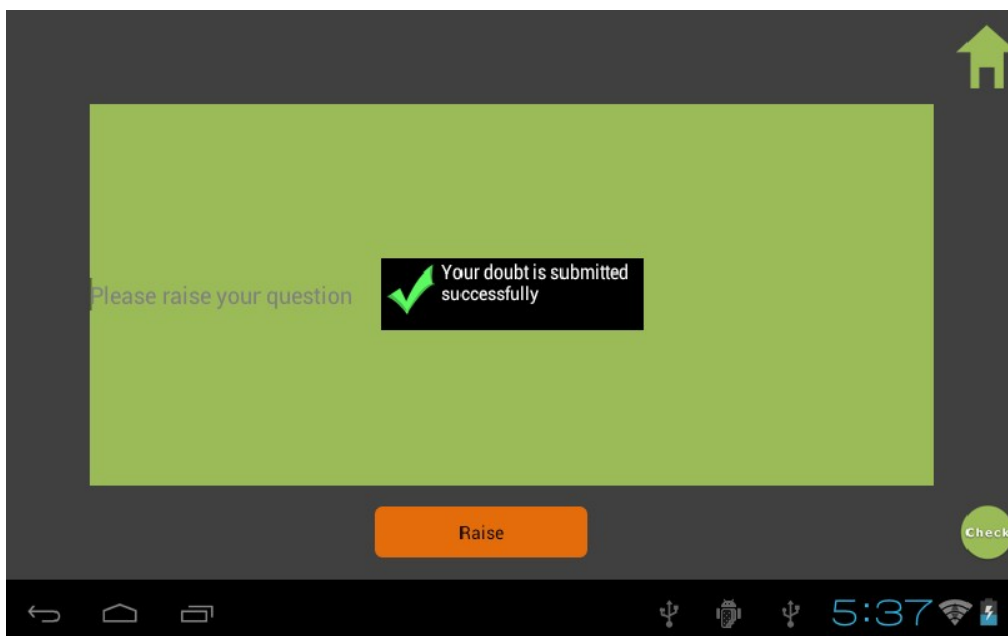

After typing the question tap on **Raise** Button which will submit your doubt.

Press Check button to see reply for your Doubt from Instructor

Once the question is typed and press **“Raise”** button. An alert prompt will appear “Submit Doubt”.

After pressing **OK**, doubt is submitted and acknowledgment from server is received as follows.

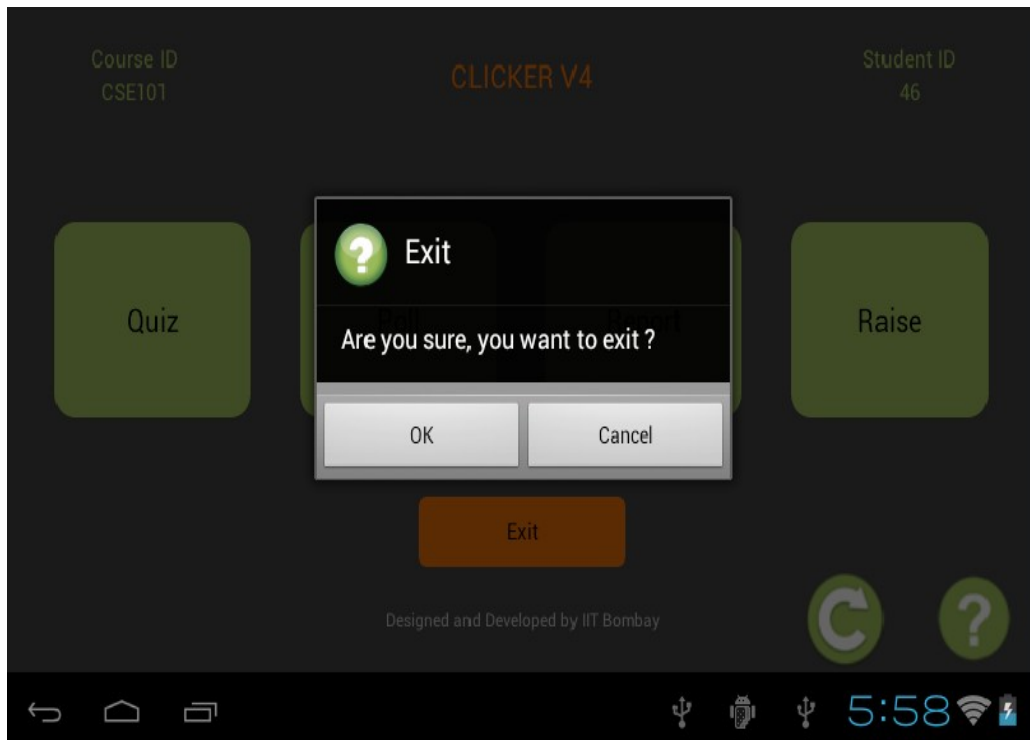

If student wants to check the reply from Instructor for his Doubt, then he has to press on **“Check”** button.

QNo.	Query Raise	Reply From Instructor
1	What is programming ?	It is a set of instructions.
<div>Cancel</div>		

Press Cancel to go back in Raise hand screen & then press home button to get Home screen.

In order to close the application tap on the **“Exit”** button on Home screen of clicker software.

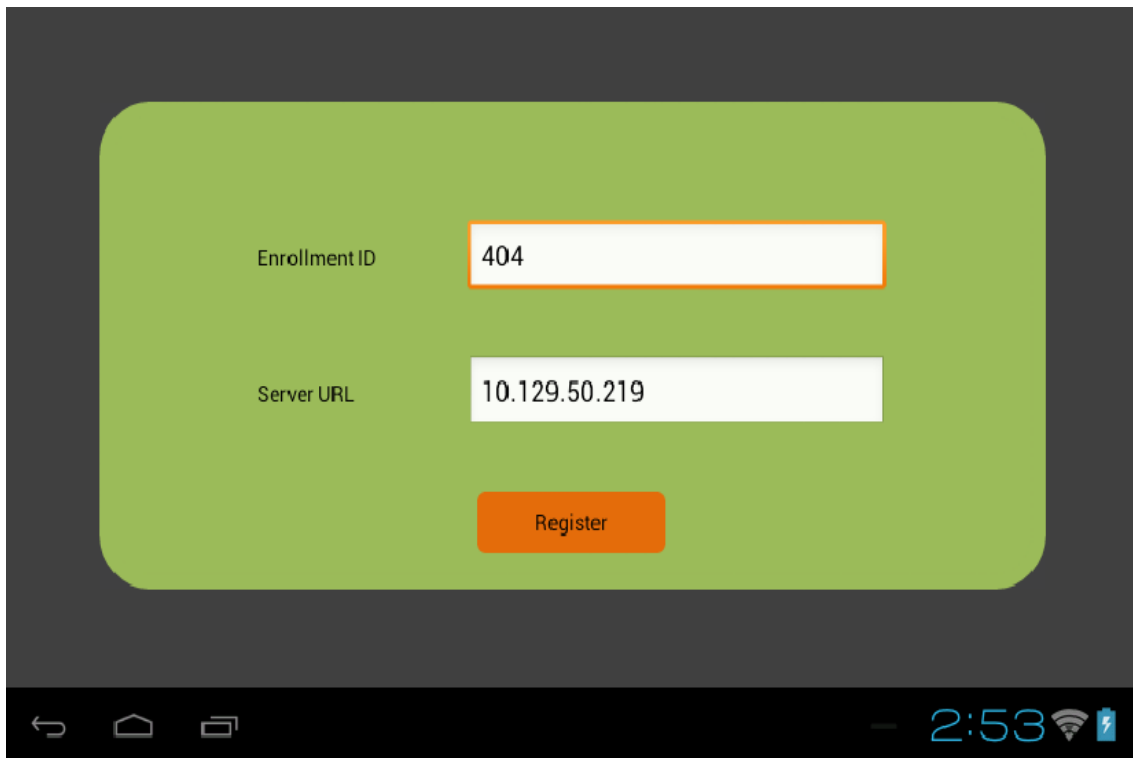

After tapping **“OK”**, Clicker Application exits.

Remote Mode

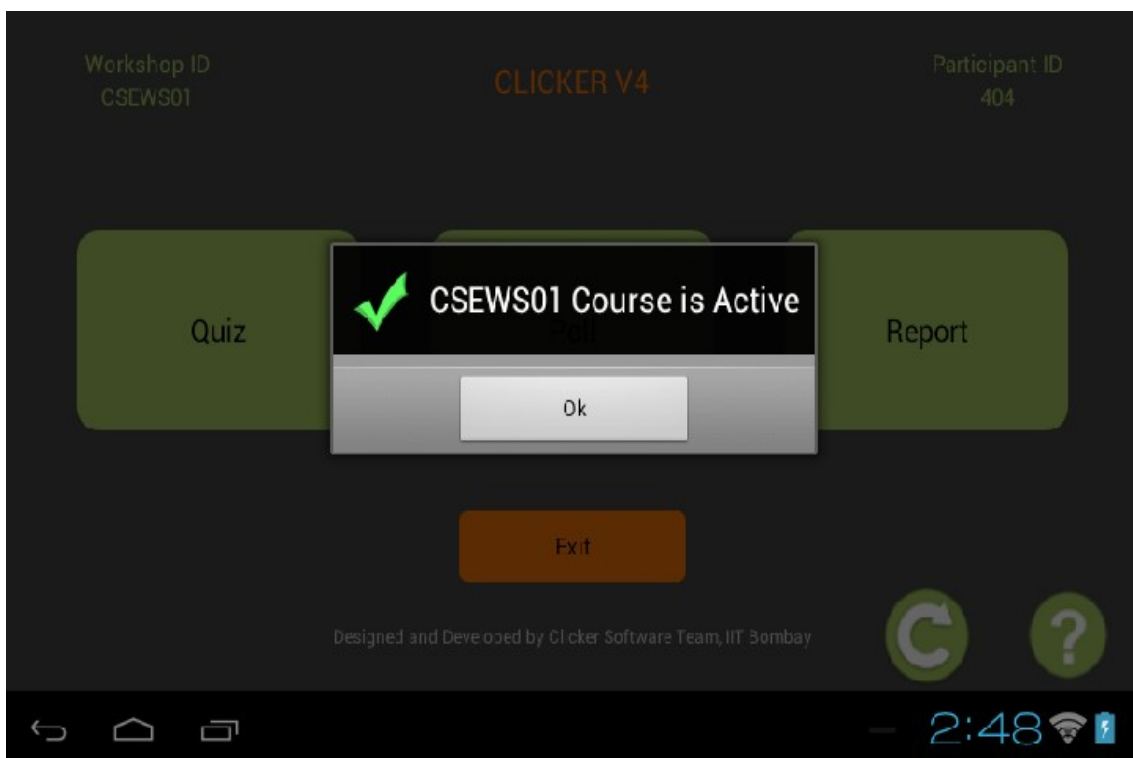

Now, If you want to use same application for remote mode then again click on clicker icon you will get login screen again with old data, now you remove the student Id and put the new Participant Id and server URL for remote machine and click on register button.

Filled details look like as follows **For eg.** Participant ID : 404 and Server URL/IP : 10.129.50.219

The screenshot shows a registration screen with a light green background. It contains two input fields: 'Enrollment ID' with the value '404' and 'Server URL' with the value '10.129.50.219'. Below these fields is an orange 'Register' button. The screen is framed by a dark grey border. At the bottom, there is a black status bar with navigation icons (back, home, recent apps) on the left, a time display of '2:53' in the center, and signal, Wi-Fi, and battery icons on the right.

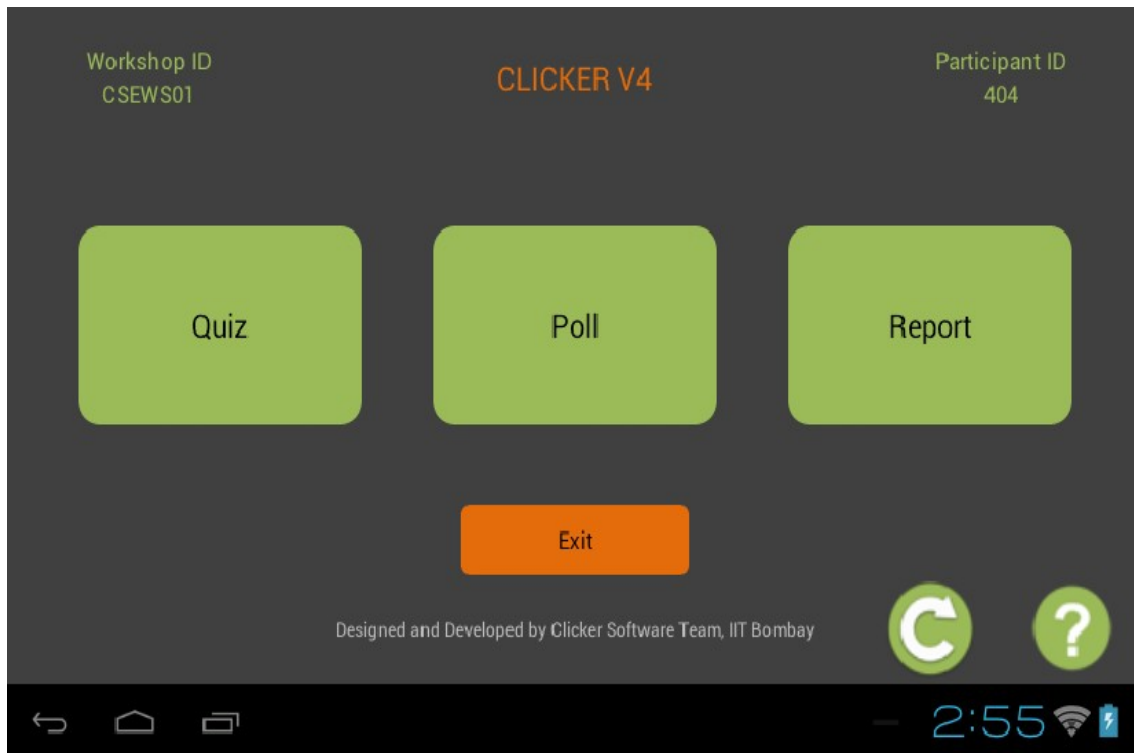

Once the participant is register's, the active workshop will prompt with the Participant ID.

The screenshot shows the main menu of the Clicker V4 application. At the top, it displays 'Workshop ID CSEWS01', 'CLICKER V4', and 'Participant ID 404'. The main menu has three large green buttons: 'Quiz', 'Report', and 'Exit'. A black dialog box with a green checkmark is overlaid in the center, displaying the message 'CSEWS01 Course is Active' and an 'Ok' button. At the bottom, there is a black status bar with navigation icons (back, home, recent apps) on the left, a time display of '2:48' in the center, and signal, Wi-Fi, and battery icons on the right. The footer text reads 'Designed and Developed by Clicker Software Team, IIT Bombay'.

After pressing OK you will get following screen.

For Eg. Here Workshop ID : CSEWS01 and Participant ID : 404

And rest of the process is as same as local mode with the only difference of:

- a) we get 3 buttons(Quiz,Poll,Report)
- b) Workshop ID and Participant ID

NOTE: It is recommended that you print this article for off-line reference.
